

1. Welcome and Introductions

Anne Johnson-president(present), Heather Pentico-Secretary(present), Brandi Radcliffe(Treasurer)

2. Principal's Report

1. Good news-Model PLC school at Lakeview, MS & HS-

Solution Tree has an application process and checks data to assure we are resulting in student achievement and growth. They then produce a narrative report and work of PLC that demonstrates how we help students. Great honor, and the school is celebrating the work done and pushing in areas of improvement. One finding is the need for increased support for students determined to be highly proficient.

2. ALICE preparation- Incident occurred at the middle school

After the music preview, 8th grade boys spoke inappropriately and witness reported immediately. Rumors followed. Kid reported and not one kid stepped up and said anything. We want to teach students their first instinct is to report to an adult. Students were given 5 scenarios to teach kids about crisis response and implement ALICE. Plans are in place for action based on location and type of threat.

Scenarios that classrooms were given to debrief:

1. Medical emergency
2. Rumor about gun at school
3. Custody threat and his dad is coming without permission
4. Evacuation
5. ALICE- Active shooter in the building

Students and staff discussed what to do if someone was trying to enter their classroom. Students discussed -barricades, distractions, running and where do we exit building and where to report after evacuation.

3. President's Report

- Thank Brandi for key role in revitalizing the secondary schools PTO and your many years of services. Brandi will be stepping down after serving as president, treasurer and director of the Fall fundraiser. She will continue to coordinate the fall fundraiser next fall and track DC funds.
- Musical-Very pleased with the experience. It was tough when it wasn't going to happen on Saturday. After they were over that and thought about it they crafted an email to the families involved. Sent out a message and google survey.

The musical provided a full opportunity for the middle school students. Possibility of setting aside funds for the NHS project-student use fund for next year.

- **Lock-In and Dance- 5/6 & 7/8=**

Discussion as to how to manage with the 5th grade moving to a new school and only 1 grade level for the lock-in.

Plus side to one grade level at lock-in is the size. Scale down activities and years to come and will be part of transition to m.s.

Thought about doing a dance marathon in spring for all grades at the middle school in lieu of lock-in and dance.

LOCK-IN=need for coordinator///less activities (Possibly Brooke Henning & need one more)

Dance-Dana Knight & Deanna Kleinsmith
